

Studienplan Master Geobiology and Paleobiology

Pflicht

Wahlpflicht

4. Sem	P 11 Final Module (Master Thesis and Disputation)					
3. Sem	P 9 Research Project□		P 10 Evolution and Ecology		WP 12 - WP 17 select 4 courses (12 ECTS) WP 12 Geobiological Field Exercises WP 13 Geomicrobiology WP 14 Advanced Topics in Geosciences WP 15 Special Topics in Geosciences WP 16 Advanced Invertebrate Geobiology WP 17 Collections Managment and Research	
2. Sem	P 4 Laboratory Methods	P 5 Data Analysis	P 6 Field Practical I	P 7 Field Practical II	P 8 Scientific Presentation and Communication	WP 8 - WP 11 select 2 courses (6 ECTS) WP 8 Molecular Methods in Geobiology WP 9 Vertebrate Paleobiology WP 10 Vertebrate Evolution WP 11 Micropaleontology
1. Sem	P 1 Paleobiology	P 2 Evolutionary Geobiology	P 3 Environmental Geobiology		WP 1 - WP 4 select courses of 6 ECTS WP 1 Basic Concepts in Geology (3 ECTS) WP 2 Basic Concepts in Biology (3 ECTS) WP 3 Basic Concepts in Molecular Paleobiology (3 ECTS) WP 4 Systematic Data and Evidence (6 ECTS)	WP 5 - WP 7 select 2 courses (6 ECTS) WP 5 Basic Invertebrate Geobiology WP 6 Concepts of Biomineralization WP 7 Marine Biology
